- They eliminate the peer pressure to buy/have the latest fashions.
- They help students get ready for school—no deciding what to wear.
- They prevent any gang influence (colors/clothes).
- They reinforce that academics are most important.

The HOPE Uniform includes:

- **Navy blue bottom** (pants, skirt, jumper, shorts) Skirts must be knee length or longer. Shorts must be mid thigh or longer. **NO JEANS OF ANY KIND.**
- **Belts** must be worn to keep pants at waist level. Must be navy blue, black, or brown.
- **Plain white/light blue/navy collared shirt.** **NO T-SHIRTS/TANK TOPS.**
- **Shoes** must be appropriate for school and play. No flip flops or high heels are allowed for safety reasons.
- **Sweatshirts** must be plain navy/white. No pockets/hoods.

If a student comes to school out of uniform he/she may be required to call home and have one brought to school, or the school may have one for the student to use for the day. If this becomes an on-going issue, HOPE counselor will contact the family to help them resolve the problem.
Grading Scale:
4  Student exceeds grade level standards for the grading period. (Above standard)

2  Student is at basic grade level standard for the grading period. (Beginning)

These grades reflect how the student is performing on the expected grade level outcomes at this time of formal evaluation. A grade of "3" in the fall does not mean the student has already met the year-end outcomes, but that the student has proficiently met expectations to this point. If the student continues to progress at this pace, he/she is likely to meet year-end grade level expectations by June.

5th Grade:
5th grade students will receive report cards that represent their academic scores as letter grades and number scores. This is to help them transition to the GPA/letter grade system used at most high schools. They will receive letter grades for each subject, which is an average of the number scores within each subject. Example: A student receives a B in Math: She gets a 4 in addition, a 3 in subtraction, a 3 in multiplication, and a 2 in division.
A- 90-100%/Excellent
B- 80-89%/Very Good
