Dear Parents,

It is so wonderful to have our scholars back in school! These past two years have seen many changes and challenged all of us to adapt to a virtual learning environment. Being able to see our scholars in person again brings so much joy. To add to the joy, we are thrilled to celebrate your child's milestone of transitioning from middle school to high school!

Currently, our Middle School Team is planning a very special in-school event to celebrate your child and this transition. With HOPE expanding its academic program this year from a K—8th to a Pre-K—12th grade program, the 8th grade celebration will look different compared to previous years. This year, we will celebrate your child's academic success thus far and their transition to the next stage of their academic career. More details on this celebration will be coming soon!

Thank you for your continued support! We look forward to walking alongside you and your child throughout their academic career and celebrating these wonderful milestones together.

With warmest regards,

Maychy Vu
Executive Director

The Middle School Team
