

September 12, 2024

Dear HOPE Families,

School will resume tomorrow, Friday, September 13, 2024. We want to express our gratitude to all who alerted us about the threat circulating in a social media post. It is very unsettling to receive this kind of news. Please be assured that we are taking all precautionary steps to ensure the safety and well-being of everyone at HOPE Community Academy. Following our safety and security protocols, we contacted our local law enforcement with the information. We have been in communication with law enforcement and have been assured that police patrols will be present in and around our school grounds, including morning arrival and afternoon dismissal times.

In addition to our current safety measures, we will take extra precautionary steps for the remainder of this week. This includes limiting activities to indoors including PE and recess to ensure student safety at all times; restricting access to the building to only those who absolutely need to be present; and continuing to be vigilant and aware of our surroundings.

We are grateful for your continued support and cooperation during this difficult time. With guidance from our local law enforcement, and support from our parents, staff, and community members, we continue to build up our school community. The safety of our school community remains our top priority.

HOPE Community Academy Administration
